You are cursed.
Your birth consumed your mother, so it is understandable why your father abandoned you

He declared that he would not see you
He hates you so much that he said he'd kill you if he sees you
Sire.
What is it ?
General Voran has arrived
I see. Let's go

Lilo !
What took you so long ?
So, did you ?
I saw him.
I was worried that you might have gotten caught.

Really ?
He looked exactly as you said, long silver hair and very tall.
Some men called him "Sire".
I see. He hasn't changed then ..
I wish I could pass through that hole as well...
I thought you have seen him few times.
It was when I was even younger than you
But father called you back at least, so you will see him rightfully
But I ...
... No
Seeing him was enough.

JANIMES.COM

By the way ....
Sis and brother Sibel look alike him ...
But me ..
The hair color is different and ...
You resemble lady Lala.
I wish I looked like father
Areah !
Lila !

Where have you been? I've been looking all over for you tw !
Ah -, you must have gotten lost while taking a walk !
I knew that'd be likely the case. This palace is simply too big.
My mother is looking for you. Let's go
So, how did it go ?
She saw him. He was taking a walk as you said.
Good recently he's been taking a walk often.
The hole we used as children proves to be useful

It's amazing that Lila didn't get lost and found the way to the hole.
Does she think I am a fool ...

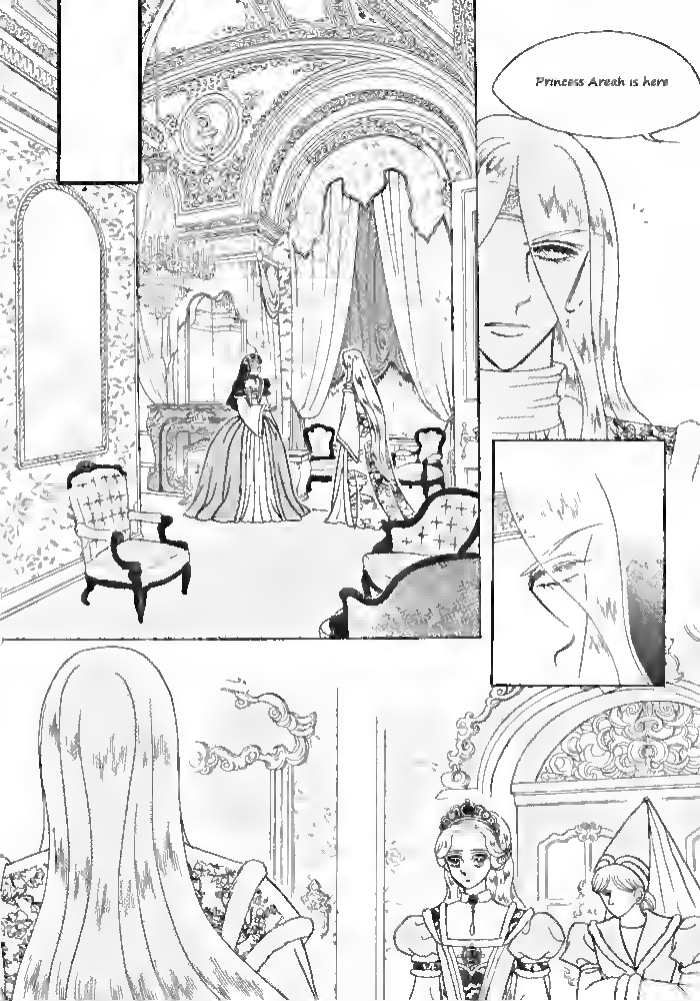
Mother started looking for you right after I returned. It was quite scary
Is something going on ?

Eh ?
Um ..
A message arrived that prince Shiraï is coming here, so ...
... ? What does that have to do with me ?
I don't know ...

You must not wander around in the palace, do you understand ?
Yes.
Yes.
Lila, you stay here.
Yes, mother.
Beatrice, there is little time. Help Aresh to dress properly.

Don't ask why, but you must not be seen by the king
Do you understand me ?
Yes, aunt

You are looking more and more like your mother every time I look at you
I dress you in a plain dress on purpose.. but it is easy to distinguish you ...
I just don't see how to hide you from eyes
I know why I have to hide.
I will be careful
So, please please let me live with sister Aresh.
I will be a good girl so please please don't send me back alone—

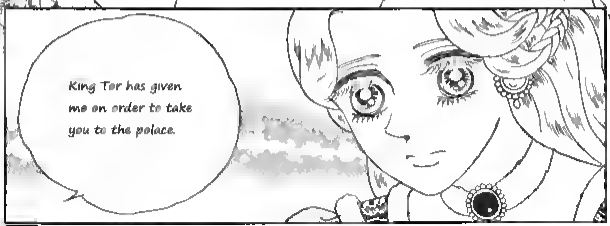


Princess Aresh is here

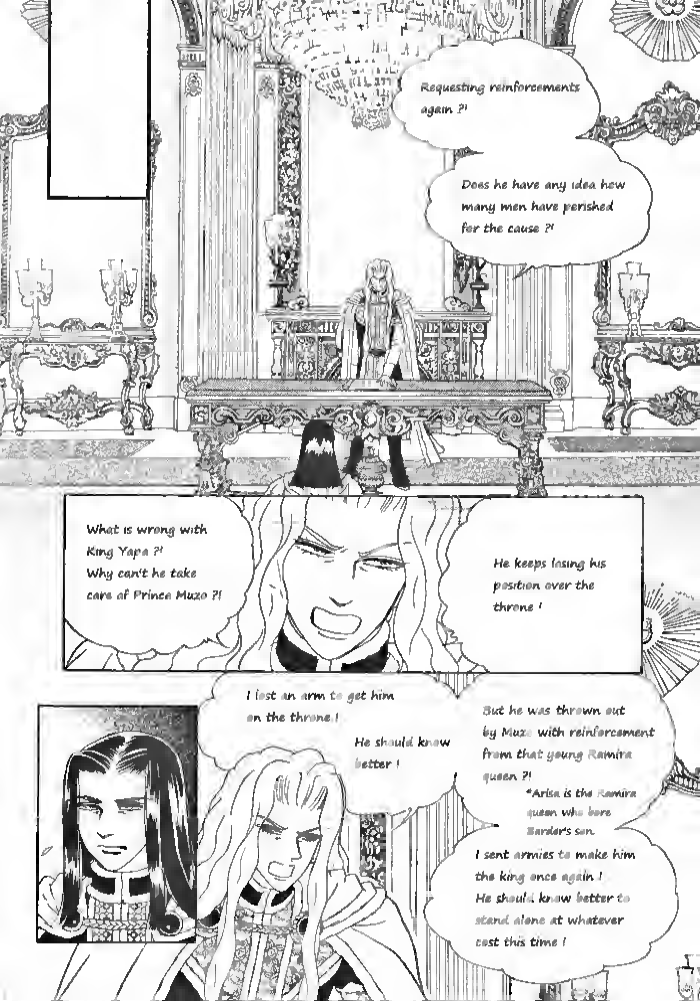
Welcome, Princess.
This is Shilrai Argo, a prince of Skador

Nice to meet you, Princess Aresh.

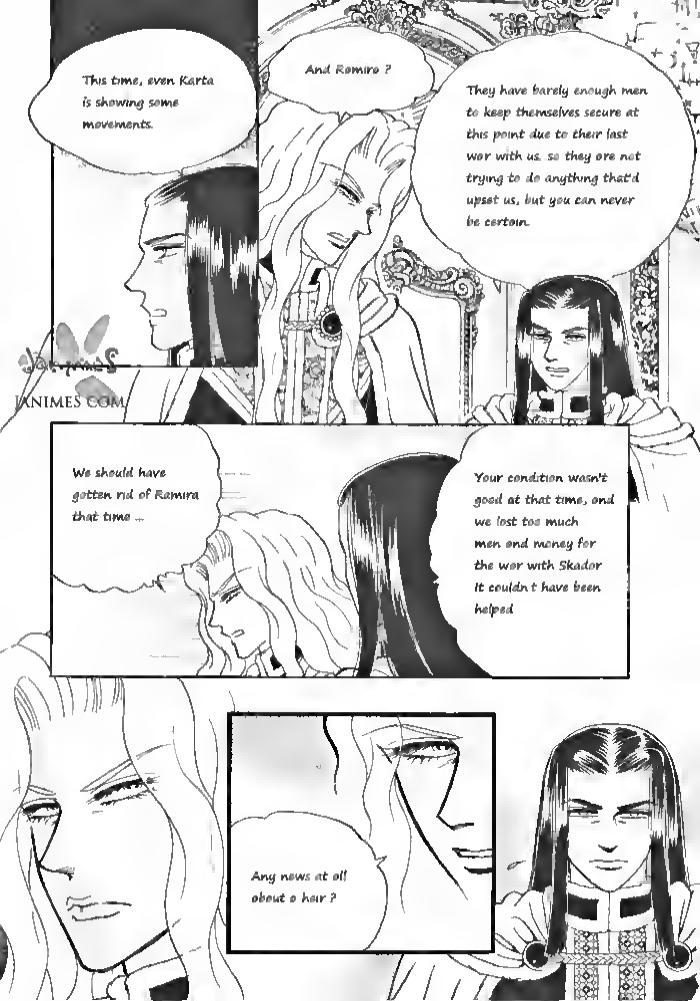
Nice to meet you, Prince.



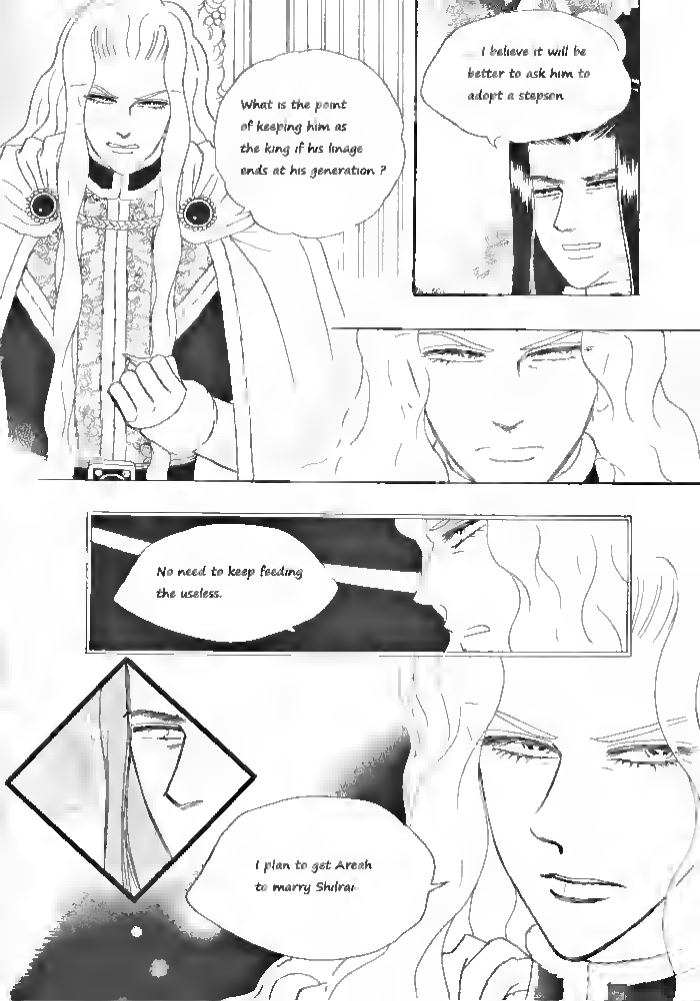
King Tor has given me an order to take you to the palace.



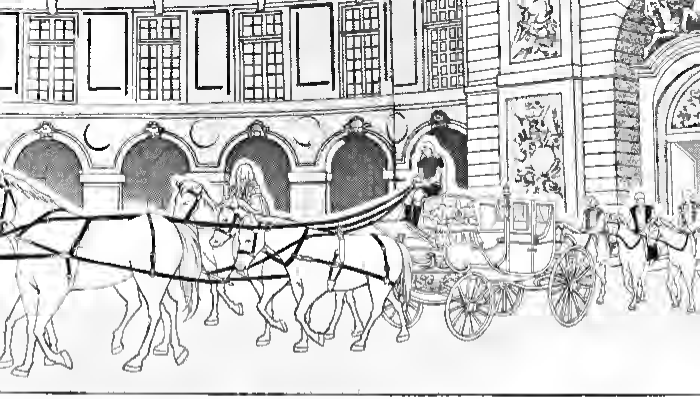
Requesting reinforcements again ?!
Does he have any idea how many men have perished for the cause ?!
What is wrong with King Yapa ?! Why can't he take care of Prince Muzo ?!
He keeps losing his position over the throne !
I lost an arm to get him on the throne ! He should know better !
But he was thrown out by Muzo with reinforcement from that young Ramira queen ?!
*Arisa is the Ramira queen who bore Bardet's son.
I sent armies to make him the king once again ! He should know better to stand alone at whatever cost this time !

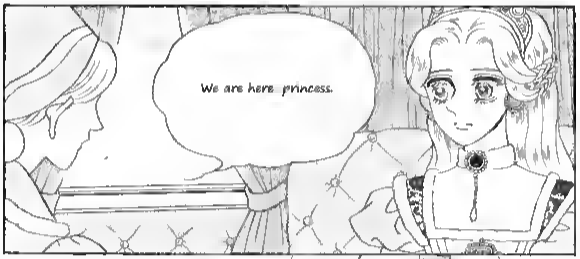


This time, even Karta is showing some movements.
And Ramiro ?
They have barely enough men to keep themselves secure at this point due to their last war with us. so they are not trying to do anything that'd upset us, but you can never be certain.
We should have gotten rid of Ramiro that time ...
Your condition wasn't good at that time, and we lost too much men and money for the war with Skador It couldn't have been helped
Any news at all about o hair ?

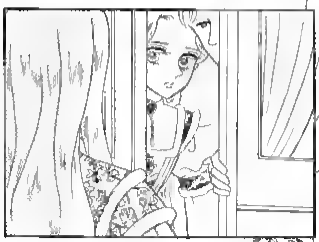


What is the point of keeping him as the king if his lineage ends at his generation ?
I believe it will be better to ask him to adopt a stepson
No need to keep feeding the useless.
I plan to get Aresh to marry Shirai

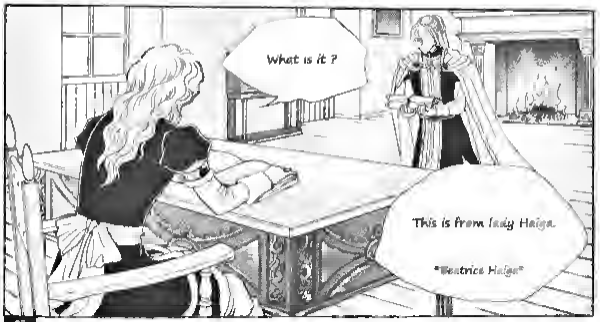




We are here, princess.



Princess,
this is Vega
Come in.



What is it ?
This is from Lady Helga.
"Beatrice Helga"

I must go to the palace !
But sir, an important training for soldiers start today
General Kuchi will take over my place.
Go now
But you've been given this task secretly by the king You shouldn't leave ...
I am going to see the king

Sis ...
Sis !
Lila ?
What is it ?
What is wrong with you ?
What ?
Ever since you saw father, you've been lost in thoughts and you started to sigh.
Something happened, right ? Why won't you tell me ?

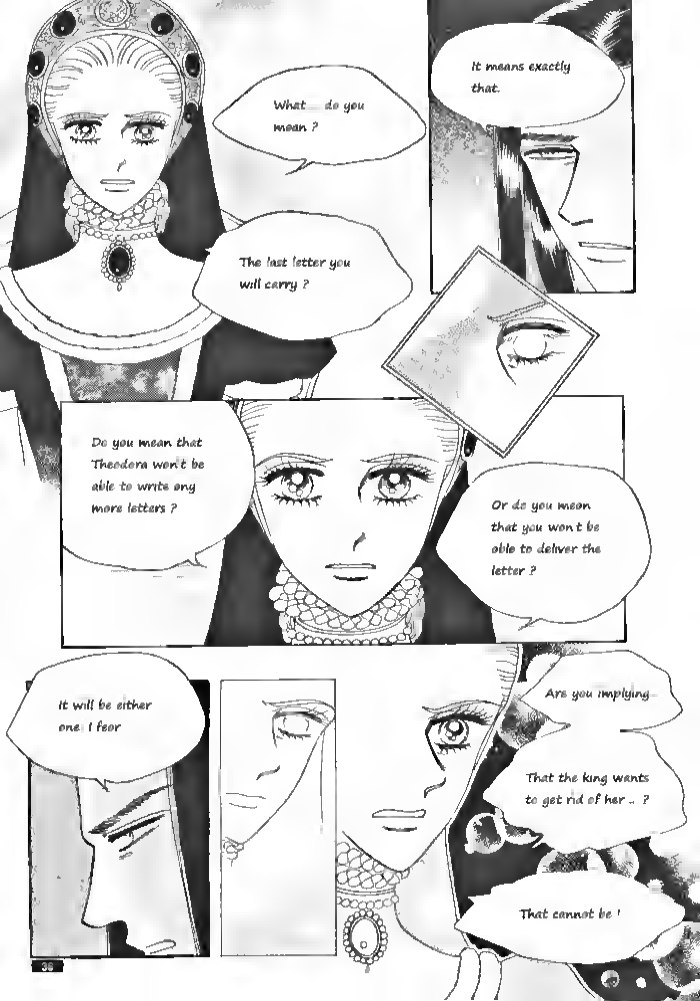
See ?
You keep hugging me whenever you see me also.
Brother, wait –

— Areah ... I didn't know that you came back ...
I am not going to let you go like this !
I am glad that you are here... I feared that I'd be unable to say farewell ...

I thank you for keeping me in contact with Theodora.
She always write positively an letters.
But I want your honest opinion. Is she happy ?
Her health is – not very good Except that- yes, they are indeed getting along good.
Is her health why she cannot conceive ... ?
Thus ..
Will be the last letter I bring to you

Manhwa5
MANHWA5.COM

프린세스 Princess



What... do you mean ?
It means exactly that.
The last letter you will carry ?
Do you mean that Theodora won't be able to write any more letters ?
Or do you mean that you won't be able to deliver the letter ?
It will be either one, I fear
Are you implying...
That the king wants to get rid of her .. ?
That cannot be !

He is ...
Able to do anything
You know that well as much as I do
You said, "either one"
Why is that you might not be available ?
I may not be able to return
You are a soldier, and soldiers carry that possibility always
Please look after my brother, Vega
I fare thee well

Lady Hezel

Vega ?!
Since when.....

Vega !
Where have you been ?!
I told you that I was going to see the king
My brother was at lady Haiga's place.
I had to see him. I was unable to tell you since you were seeing your sisters.
General Saren ?
He came back from Skador ?
Yes.
But ...

... He is planning to get rid of aunt Theodora ?

Where are you going ?
I am here to see the king
Go back before he finds out that you are here against his will Have you forgotten your task ?
But, mother -
He is going to use Arnah ...
There is nothing you can do at this point.

What of aunt Theodora then ?
I fail to understand why you bring up her name.
Well, it seems Areah won't be all alone in Skador She will have Theodora.
Mother !
Prince !
Know where you stand.
Go back.

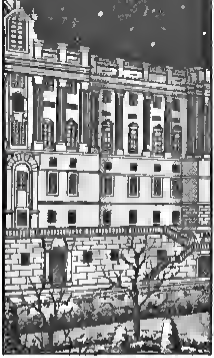
JANIMES.COM

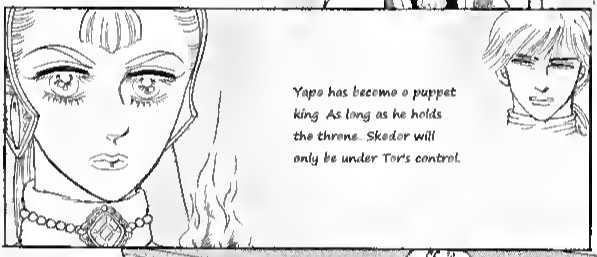
Is soup done yet ?
Almost done.
Princess Areah hasn't been able to eat well
Princess Lila is worried so much.
She's sweet.
Lila
Well, I can understand Princess Areah's position. I mean she has to leave her sweet little sister and get married
How old is Prince Shilrai ?
36 ?
Or 37
Are you sure that the rumor is true ?
I mean Prince Shilrai and Princess Areah ?

There is no official announcement, but it seems to be true.
The king's pretty cruel. He abandoned her and now calls her back since he needs her.
That's fate of all princesses, isn't it ?
They are said to where kings would get the most benefit. In the worst case, they get engaged at 5 year-old.
I guess it is Prince Shilrai who's lucky. At his age, he is getting a young and fine princess.
Did the king of Skaidor agree with this ?
Who cares ? He's a puppet king.
Anyway, it's no wonder that she is unable to eat well since she has to leave her little sis ...
P, Princess !

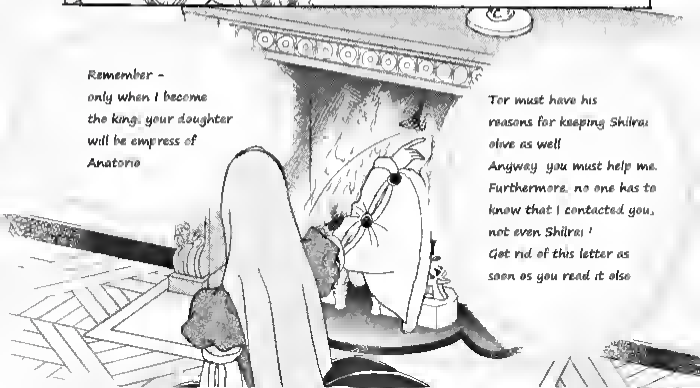
Do they think we harvest money from ground ?
This is asking too much !
Karta seems to be backing Prince Muze now. If he becames the king and if we don't help, we will be in a big trouble.
Father ! We will die of starvation if we comply with this demand !
From the last time we sent supplies to Prince Muze, We've been empty ! We have nothing at all ! And our merchant vessels are pirated every single time they sail away !

Let's send.
What ?
Send a reply that we will comply with this demand fully
Fully ?!
Yes, fully
But the convoy will be pirated
Pirating is at its worst recently
Some black haired female pirate and now another black haired male pirate are ruling sea of Ramira literally.
Even Anatoria is having headache because of them.
But we don't have to give the convoy to them
Who said we'd let the real pirates take the gold ?!
God he is so slow I can't believe I am his daughter
수익 갖다 바쳤네

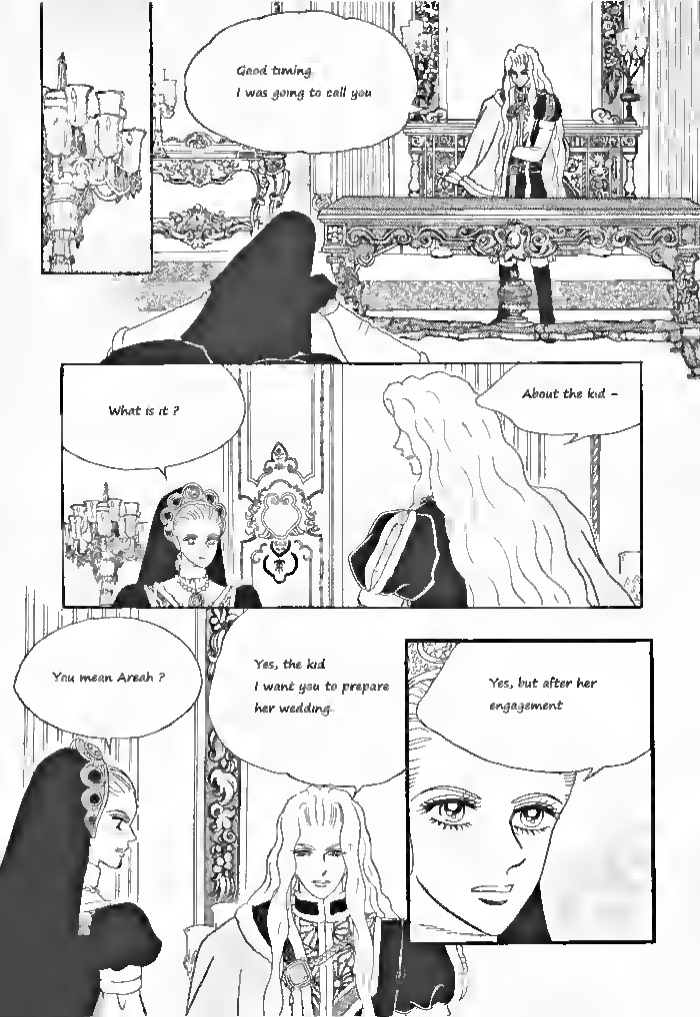




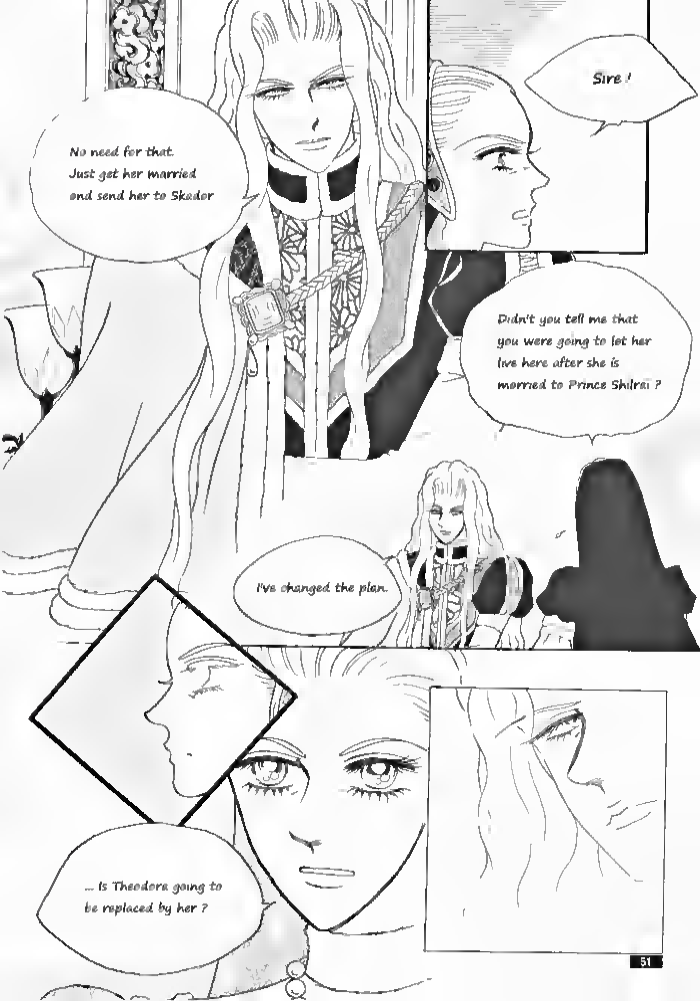
Yapo has become a puppet king. As long as he holds the throne, Skedar will only be under Tor's control.



Remember - only when I become the king, your daughter will be empress of Anatoria
Tor must have his reasons for keeping Shilrai alive as well. Anyway, you must help me. Furthermore, no one has to know that I contacted you, not even Shilrai! Get rid of this letter as soon as you read it also



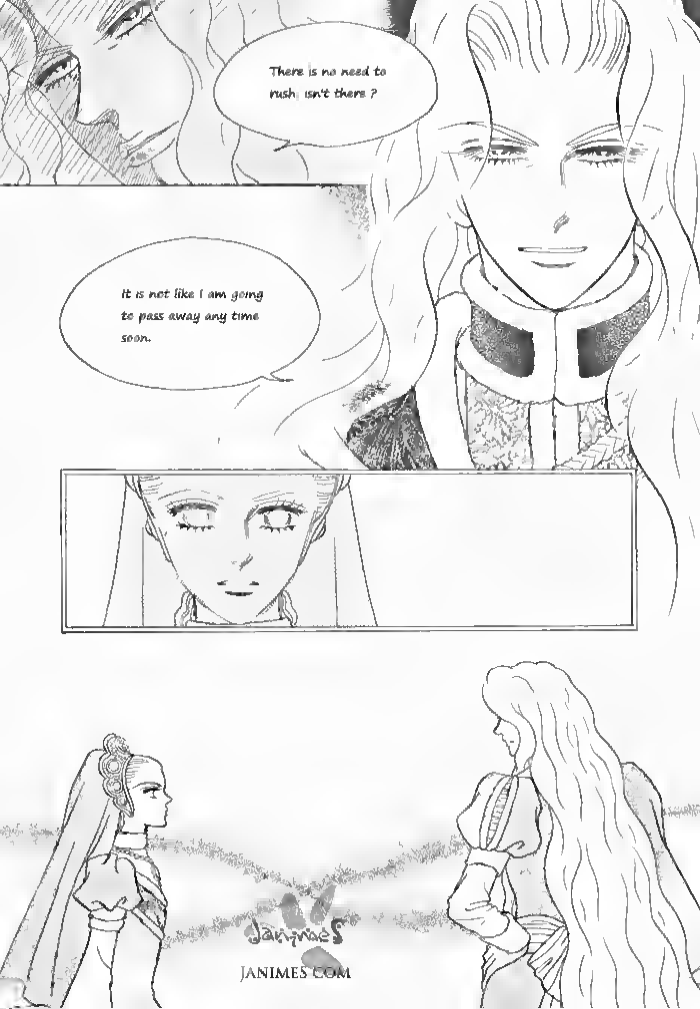
Good timing
I was going to call you
What is it ?
About the kid -
You mean Areah ?
Yes, the kid
I want you to prepare
her wedding
Yes, but after her
engagement



Sire !
No need for that. Just get her married and send her to Skador
Didn't you tell me that you were going to let her live here after she is married to Prince Shilrai ?
I've changed the plan.
... Is Theodora going to be replaced by her ?

Are you ... going to kill Theodora ?
I have absolutely no idea what you are talking about ...
You said you'd proceed with Beatrice's engagement after Aresh is married. Has that plan been changed as well ?

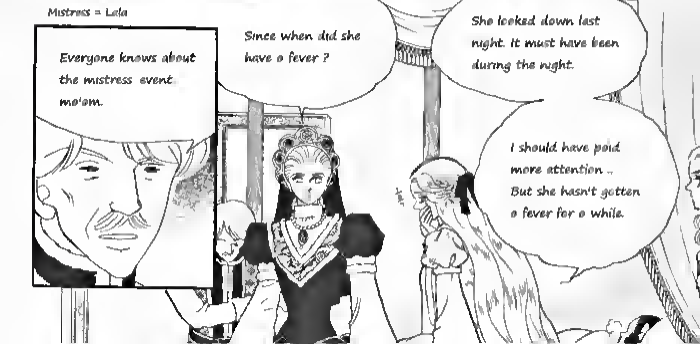
About Sibel
Ah - !
I need to send him to Ramira for a bit.
Yes ?
I need to make sure that the young mother of Ramira's infant king won't send another shipment to Muza.
What of the engagement between Sibel and Beatrice ?
She needs to be warned
Sending Sibel will be good enough.



There is no need to rush, isn't there ?
It is not like I am going to pass away any time soon.

JANIMES.COM

Mistress = Lala



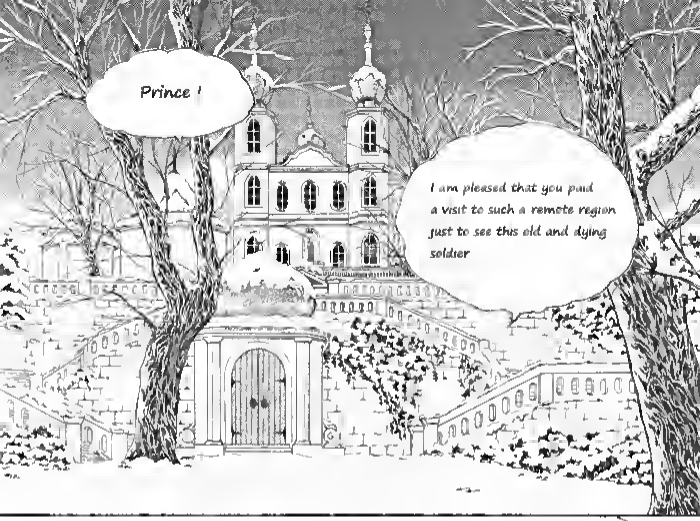
Everyone knows about the mistress event mo'om.
Since when did she have a fever ?
She looked down last night. It must have been during the night.
I should have paid more attention .. But she hasn't gotten a fever for a while.

Sis ...
Yes, Lila !
I am here !
Your sis is here !
Don't ... go ...
Sis ..., don't ... go ...
Your sis is not going anywhere !
Really !
So... don't be sick !

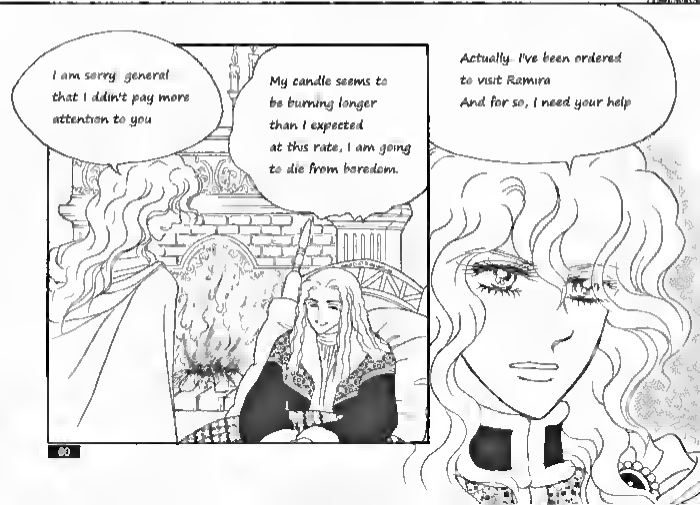
I was waiting for you.
Why didn't you simply summon me ?
It would appear that there are many unwanted ears in my palace.

Engagement between Prince Sibel and Beatrice ?
That's probably the worst idea of all possibilities
It was the king's suggestion.
He tested you
He probably wanted to see if you could pose any threats to his throne.
Why would I even think about such an idea ?
He .. changed
After he lost his right arm ...
No, lady. He has never trusted anyone.

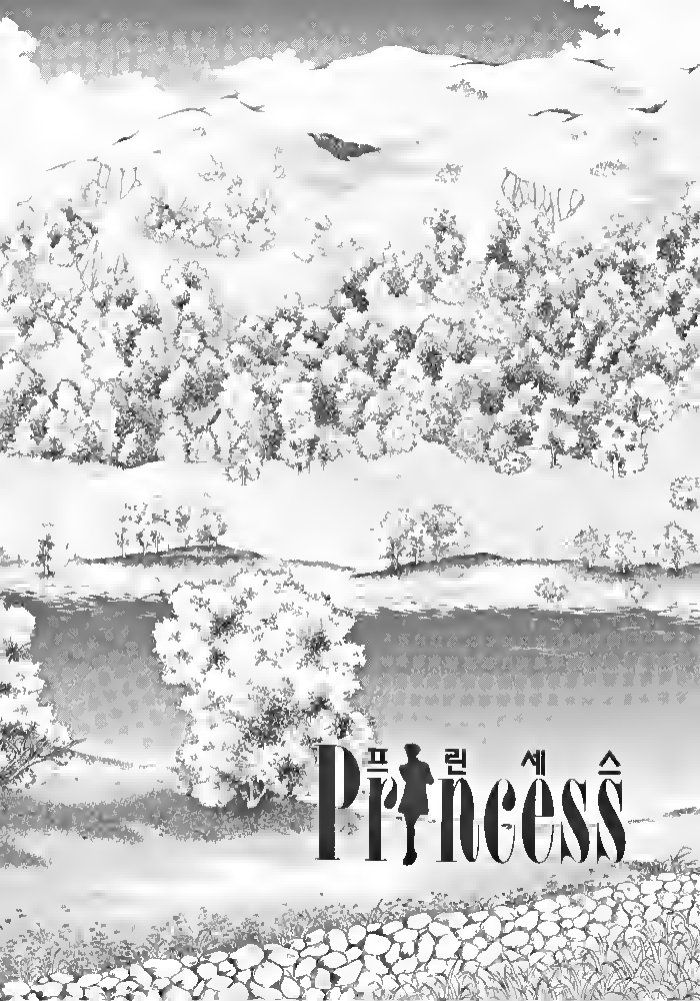
Even so he can't abandon everyone.
He can certainly
Because he knows well what will happen to him if he resigns
Save — Theodora
... Kayle Baran



Prince !
I am pleased that you paid a visit to such a remote region just to see this old and dying soldier



I am sorry general that I didn't pay more attention to you
My candle seems to be burning longer than I expected at this rate, I am going to die from boredom.
Actually I've been ordered to visit Ramira And for so, I need your help



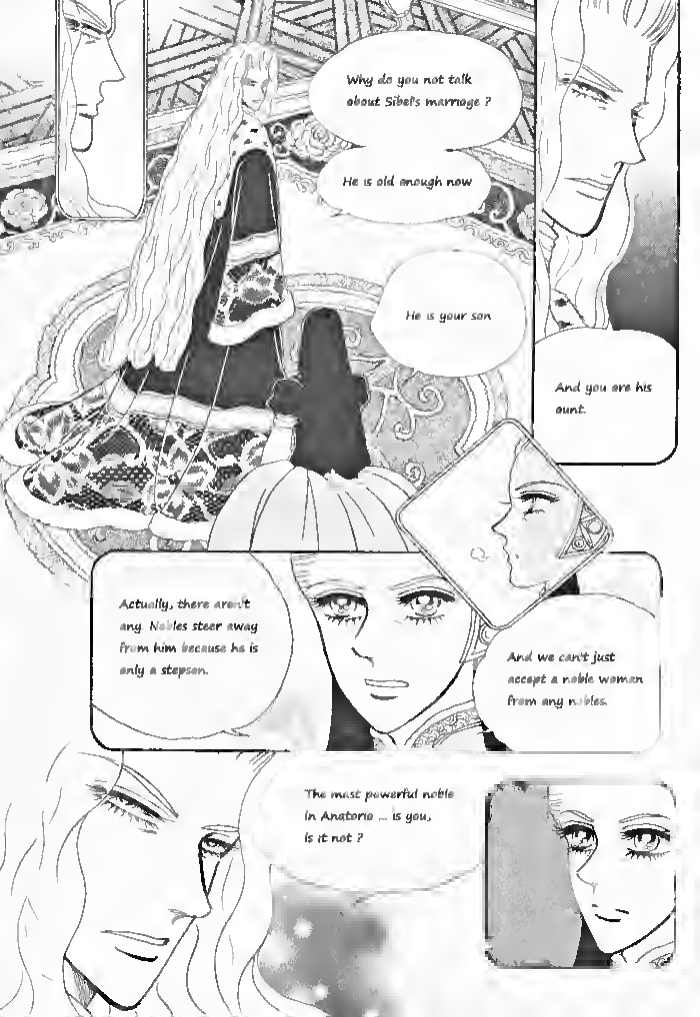
프린세스
Princess

Of course, I would certainly assist you in any way I can ...
I need a map
However, I do not see how as I cannot even walk ...
Pardon ?
The map made by someone named "Ren" ... I need the map
*For those who fail to remember "Pinku MT" was how Skadei invaded Ramira successfully
And another map for Pinku mountain !

Me and... Beatrice ?!
Nothing to be surprised.
It is certainly possible
Are you saying that is why he is sending me to Ramira ?
Was this what you planned from the beginning ?

When I took you in, I believed that it was for you as well as the king
It was also the best course of action at the moment for Anatoria.
But I can no longer see what he is thinking now
He is postponing your marriage for some reason.
You said it was his idea... When was it ?
Two years ago ... right after he lost his arm
It was after he recovered from another high fever when he came back.

JANIMES.COM



Why do you not talk about Sibel's marriage ?
He is old enough now
He is your son
And you are his aunt.
Actually, there aren't any Nobles steer away from him because he is only a stepson.
And we can't just accept a noble woman from any nobles.
The most powerful noble in Anatorio ... is you, is it not ?

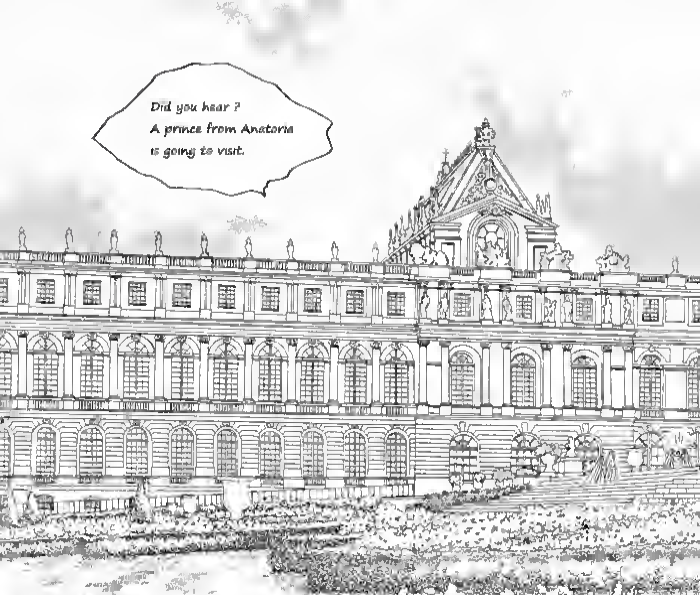
If you say s -
My will can be yours !
I may die soon.
Don't say suc -
Before I die.
Sibel's position must be Solidified !

I was not going to send you to Ramira unprepared.
Generally kings have to live their entire lives
Fearing assassination and betrayal
They will even suspect their own families
The king has been strong
So I thought he may be an exception
No .., I thought I was an exception

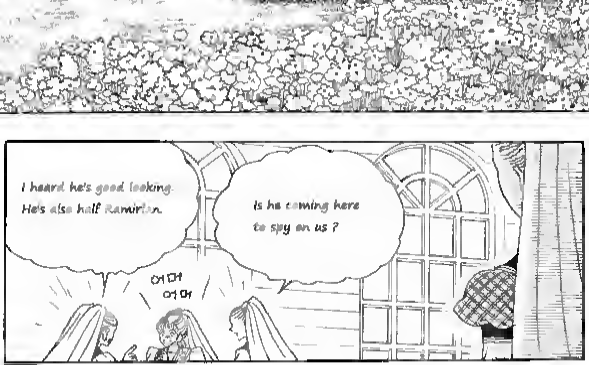
NO WAY !
You and ME ?!
Bro...do you think this makes any sense ?
Why aren't you saying anything ?
Don't tell me that you actually like me ?!
Stop being ridiculous

Why are you being silent then ? You act as if it is someone else who is marrying me !
Do you even understand what is happening ?
Well ? What can I do at this point ?
So ?!
You are going to marry me just like that ?
Do you listen to only good words ?
There are grover matters at hands ! told you the marriage only because it is to be done after I return from Ramira
I don't care, bro ! I am not going to marry you even after you return from Ramira !
Who said I would ?

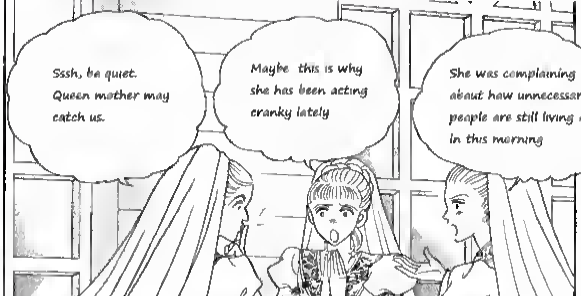
Will you be able to return ?
Brother -
Beth -
I have a favor to ask.



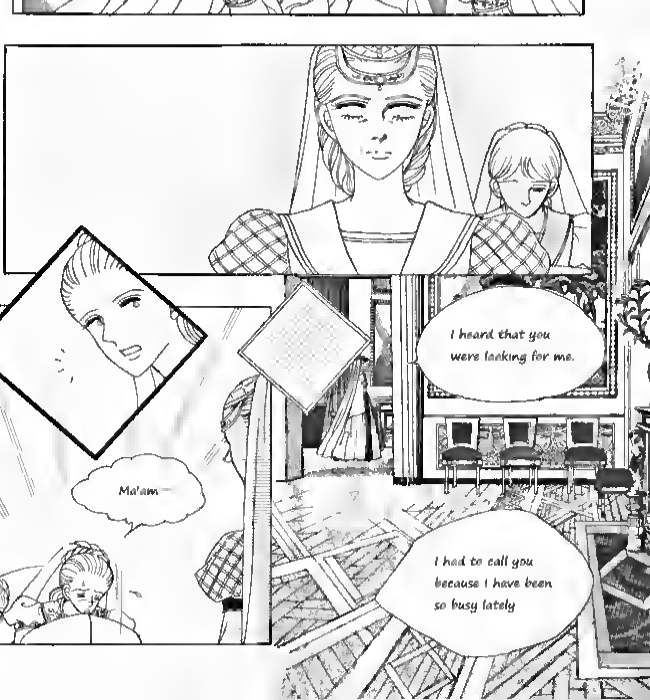
Did you hear ?
A prince from Anatoria
is going to visit.



I heard he's good looking.
He's also half Ramirian.
Is he coming here
to spy on us ?
OHOH
OHOH



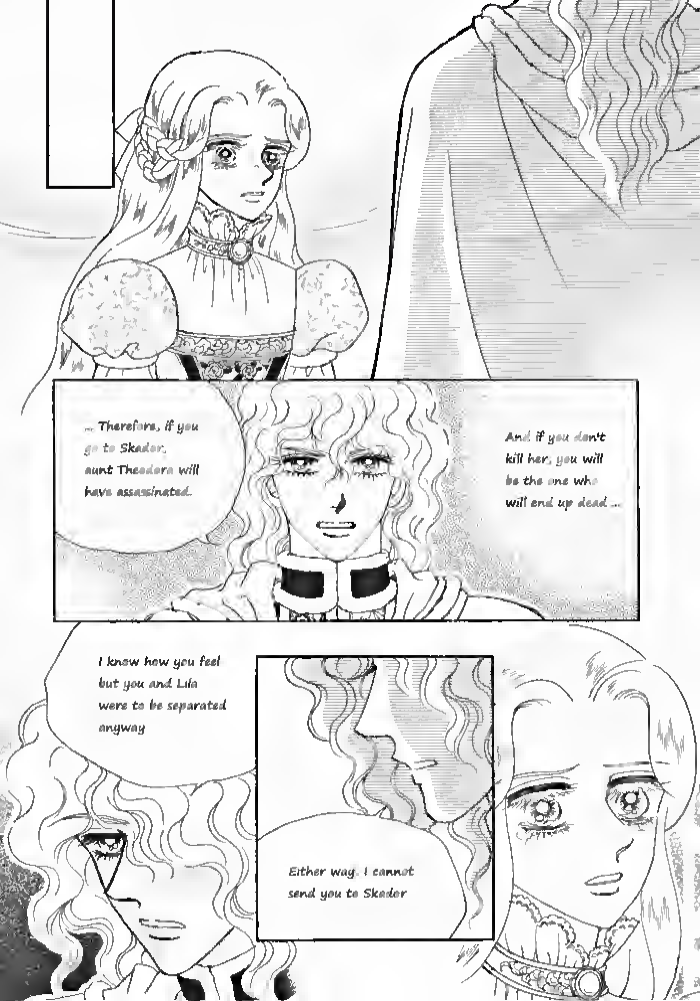
Sssh, be quiet. Queen mother may catch us.
Maybe this is why she has been acting cranky lately
She was complaining about how unnecessary people are still living on in this morning



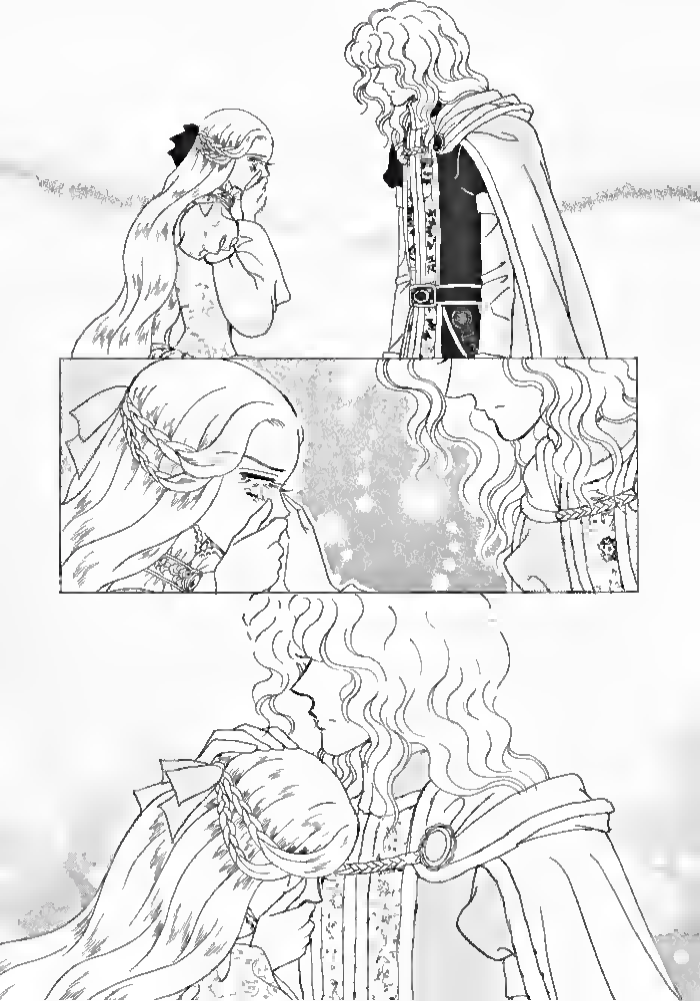
I heard that you were looking for me.
Ma'am
I had to call you because I have been so busy lately

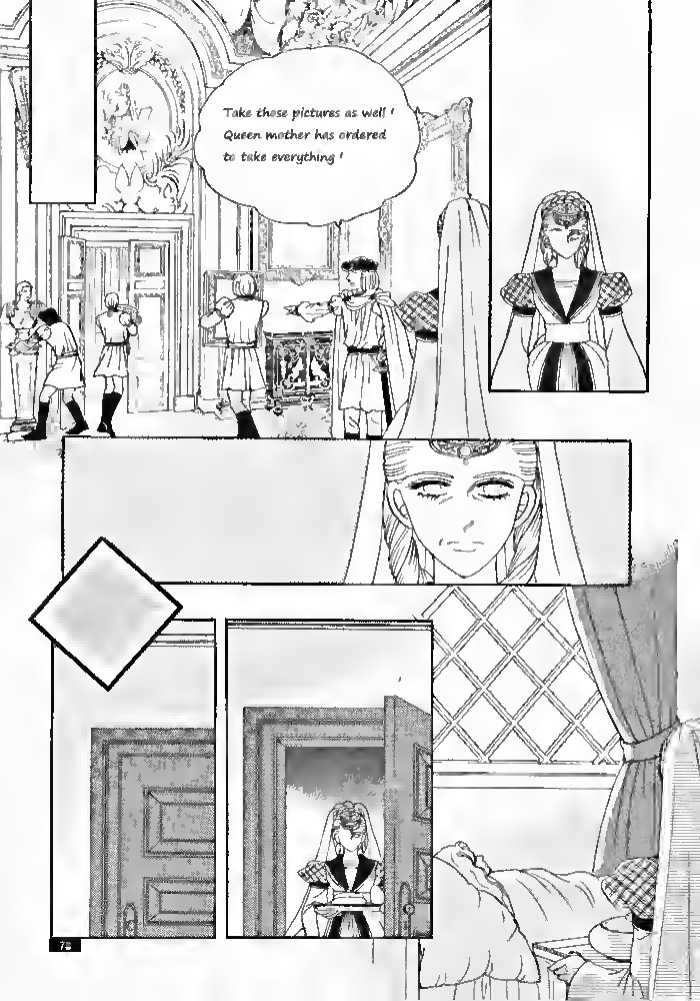
What is the occasion ?
I need you to do something for the country
As you may already know, the country's treasury is empty
I want you to donate
I thought you donated them to the country for the better future.
I took them from you ? You make it sound like I took them from you forcefully
Haven't you taken everything from me already ?
You have taken the castle I was given from my marriage and you have taken almost all treasures from my marriage.

Anyway, this Prince from Anatonia is coming here. Like I care though But I suppose I have to throw a party and provide him a good room or so
It's not like you are ever going to host parties. You don't need those silverwares.
And you still have nice dresses from your younger days, no ?
Auction them off to noble ladies It will be better for everyone that way
Oh and relocate some of your unused furnitures to that Prince's room as well as pictures. That will save some money
I am good at saving really.
Oh, and I heard that the mute is ill Tell her to PLEASE die this time
Elders waste resources They need to die off
Why do I have to keep paying them who give me nothing in return ?



... Therefore, if you go to Skador, aunt Theodora will have assassinated.
And if you don't kill her, you will be the one who will end up dead ...
I know how you feel but you and Lila were to be separated anyway
Either way, I cannot send you to Skador





Take these pictures as well !
Queen mother has ordered
to take everything !

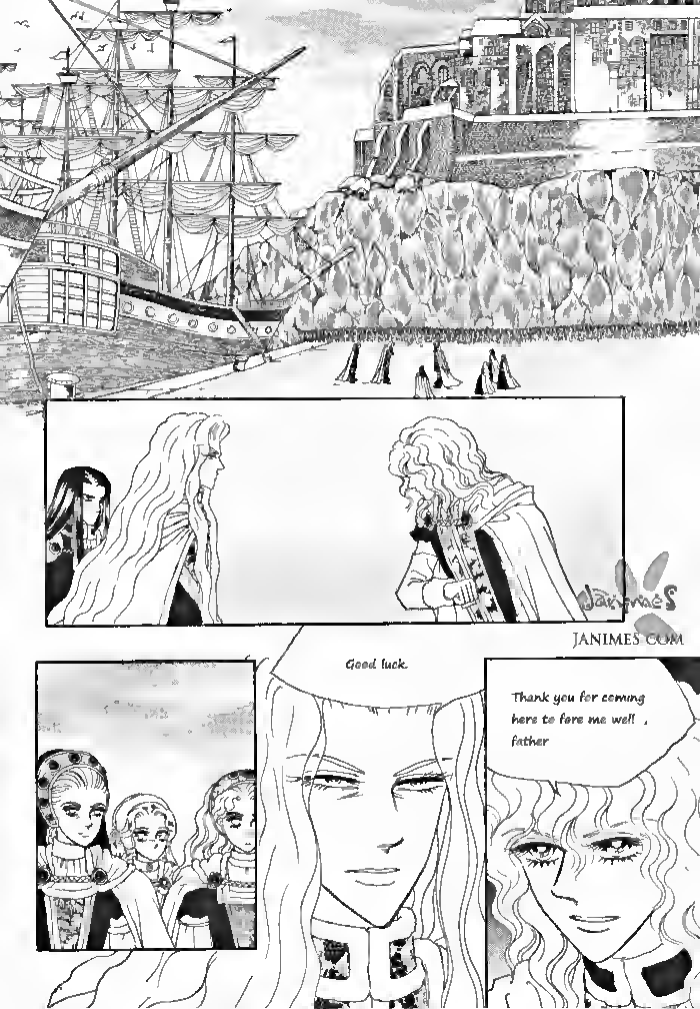
Eirene ..
I made this soup ..
* This could be an indication that she has no maids.
I hope ... that we will be good friends next time
I hope you will wake up before it gets cold ...

타

Even I... who lost her child is living on
Your daughter is still alive.
Eriene ?
You can speak ...
Live on.
Live to reunite.
Isn't that why you've been going on ?

"The queen gave birth to a princess ..."
People said so behind eyes and ears ...
That is — the only reason I am living on
Even after Bii — you are gone ...

Lila ...
Promise me that you will remain healthy when I come back.
Keep that promise ... no matter what.



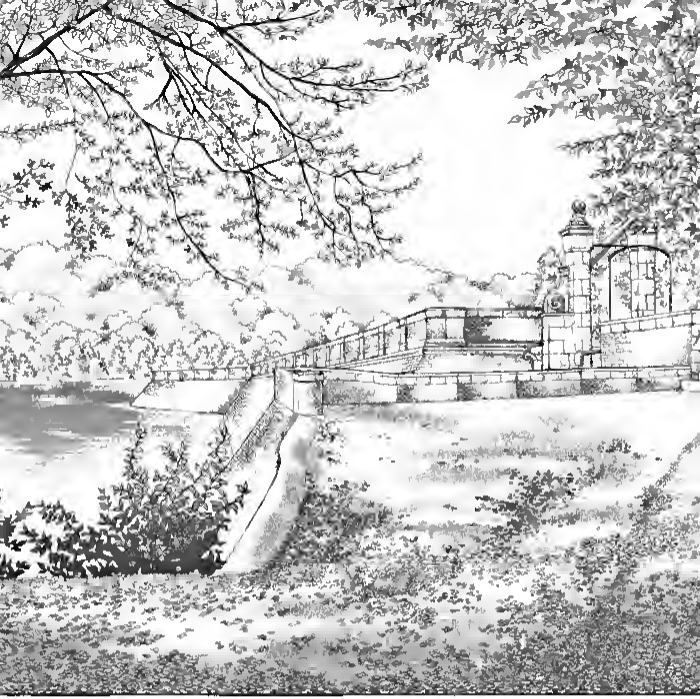
JANIMES.COM
Good luck.
Thank you for coming here to fore me well , father

Ramira is in visual range !
Princess -
It is time to relocate to a smaller vessel

I see

Princess, once we pass that isle, Ramira will be in a visual range
Alright I am going
This is the spot you wished to go
Yes ?
Anchor your ship by that isle and wait for my return.
It will take few days. When I return, we will officially enter Ramira.
Drop a boat.

Vega -
Once we reach Lana, you and I will part ways
Pardon ?
You will wait for Areah at Port Lana.



프린세스 Princess

Lila no matter how much you want, she and you cannot be together forever
Areah was fated to leave no matter what

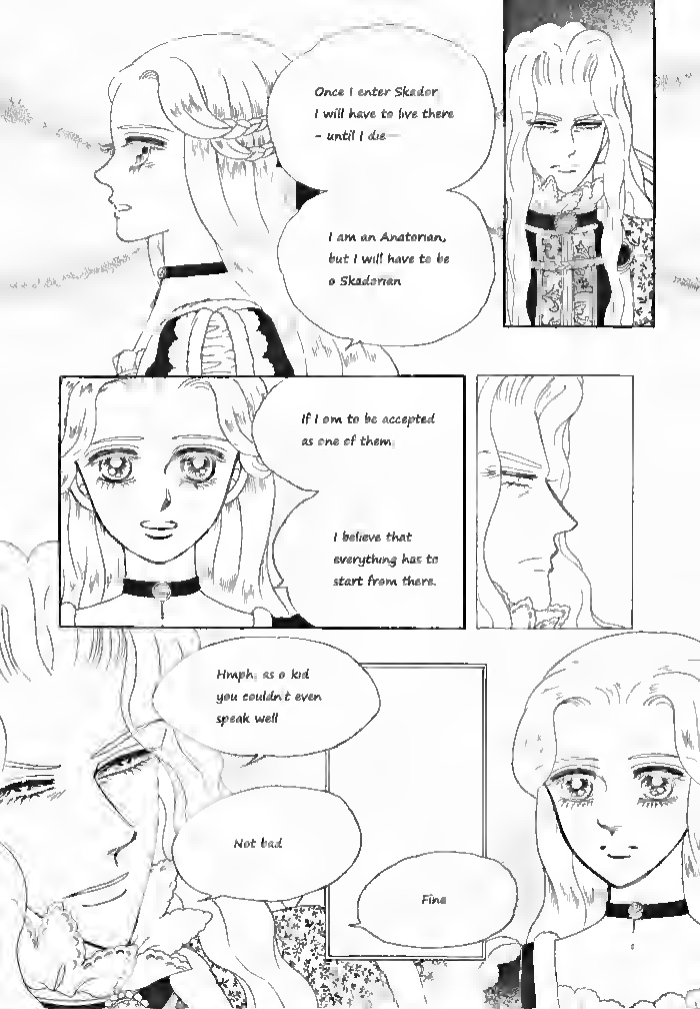
If you keep nagging her ... it will be only harder for her
She has to leave anyway How would she feel to see you like this ?
At least send her in peace okay ?
Sis ...
Lilo
These ..
It's my favorite ribbon ... and this pouch contains a bit of my hairs. Don't forget about me.

And this is all my allowance I've saved so far ...
It's ... not much, but this is all I have
Lila ...
Lila ...
Lila ...

You are crying again
How are you going to live in a country far far away like this ?
Lile ...
Be healthy ..
Don't get ill ...
You will be alone ..., so be strong
Don't worry about me.
Those were my lines ! Don't worry about me.

JANIMES.COM

Call him father now
.. Fa ther ..
Father.
Is that so ?
State your request.
What ?
Allow me to have my marriage in Skador



Once I enter Skador
I will have to live there
– until I die—
I am an Anatorian,
but I will have to be
a Skadorian
If I am to be accepted
as one of them,
I believe that
everything has to
start from there.
Hmph, as a kid
you couldn't even
speak well
Not bad
Fine

I apologize that I went to see the king without notifying you, aunt.
No, it's alright.
As long as it is truly your will
I also told him that I'd like to leave as soon as possible

Arash, what are you saying ? You are going to Skadar ?!
Brother Sibel told you that he'd wait for you in Ramira !
Do you have any idea how hard it was to prepare for all this ?
We even have a vessel. It will depart in 2 days
No, sis, I am going to Skadar
Aunt Theodora will be killed if you go !
I will not let her die.

It will be outside of your powers.
I have a plan.
But I made a promise to brother
What if the king finds out that it was you who let me escape ?
Knowing him do you think he will forgive you ?
Eventually, Aunt Hazel will be affected by the deed as well
Who can look after brother Sibel and Lile if aunt is forced to be out of her powers ?

Over here.

It does seem that she is still alive.
Really ?
According to info I could gather, madam Barder is currently looking after a mute woman.
Mute ?
The current queen mother has replaced pretty much all servants when she came to powers. so no one really knows what this mute woman is.
But if she was indeed imprisoned in a tower like they said...

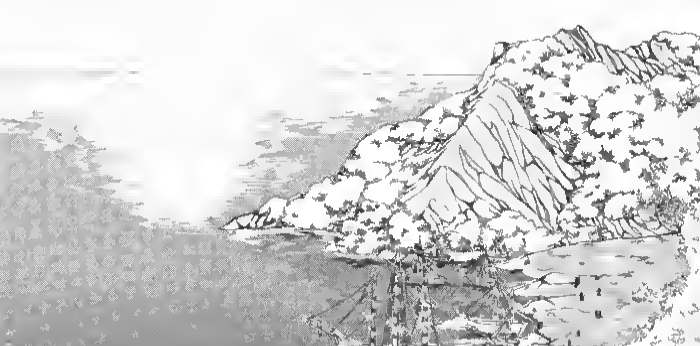
And the old rumor that the queen (Bri)'s mother was locked in a tower is correct
If so, we must rescue her
We can't begin with my grandmother in their hands.
I will sneak in
I understand that you were a soldier in the palace a long time ago but this will be too risky
I should enter the palace through the old sewer
It's too dangerous to go in there alone.
We need to go in there together in case of detection and a fight

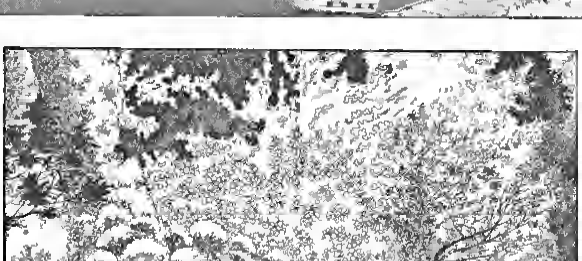
I am not letting anyone to go with me for this. I have never passed through the sewer successfully before.
They may have modified the sewer, which we aren't even sure about. Either way, we cannot let you enter there.
But, if you go alone and something goes wrong...
It will be worse if we go and both of us get lost.
Do not worry. I will make it through.

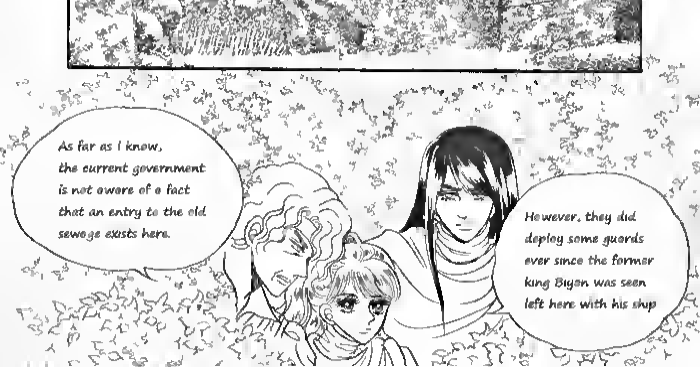
Look who's here today ~
How have you been, Yuri
Ah ~ it's been such a loooong time since anyone called me by that name.
Kayle.
Calling each other by our first names — I feel like we are back to the old days.
Are you implying that we are old now ?

JANIMES.COM

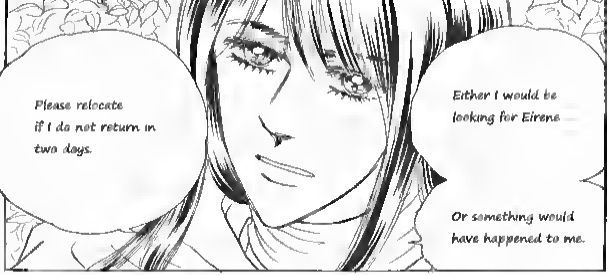
Both of us are waiting for our final days, no ?
So, you've come to say your final good bye ?
You are going to escort Prince Shiren and Princess Areah, are you not ?
You are good with latest news even in this remote region.
It looks like I am fated to bury my bones in Skader
So..., you don't plan to return this time ...
Even when ... Lady Haiga is here ?



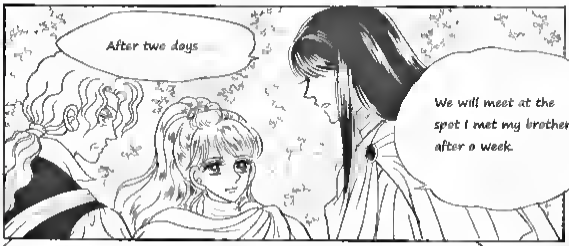




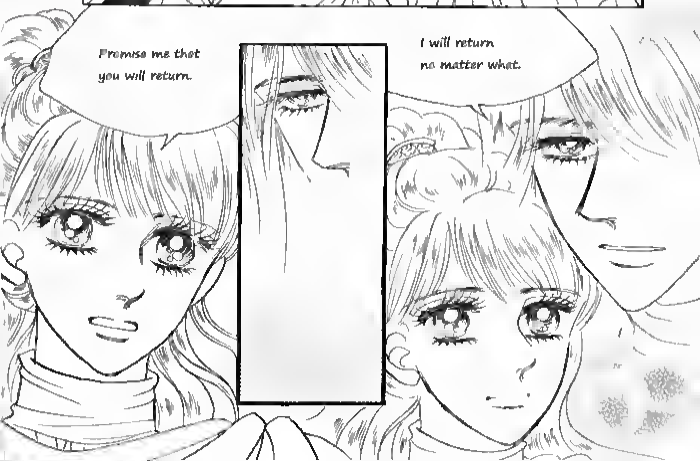
As far as I know, the current government is not aware of a fact that an entry to the old sewage exists here.
However, they did deploy some guards ever since the former king Bigon was seen left here with his ship



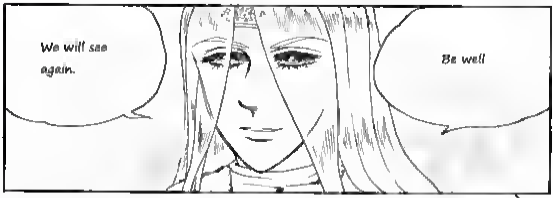
Please relocate if I do not return in two days.
Either I would be looking for Eirene
Or something would have happened to me.



After two days
We will meet at the spot I met my brother after a week.



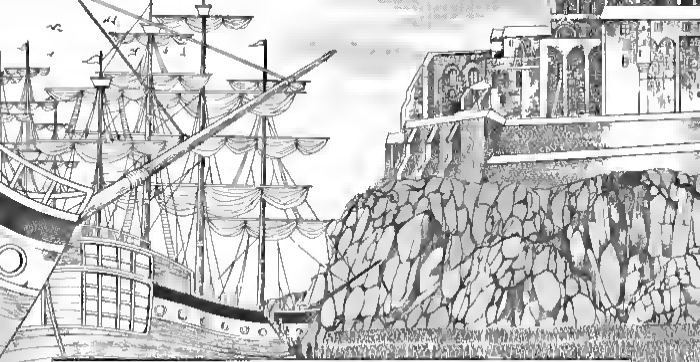
Promise me that you will return.
I will return no matter what.

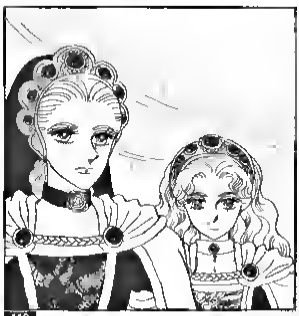


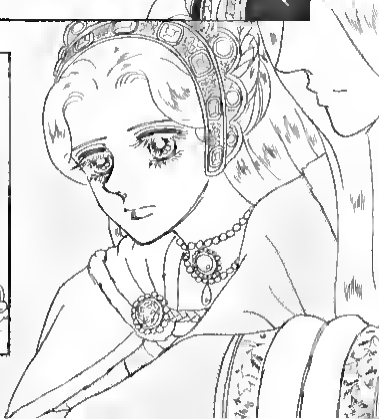
We will see again.
Be well

Please do not forget
That I wanted good things to happen for you. I supported strongly for the king's decision to have Princess Aresh marry you
... Thank you
I shall not forget.

We need to relocate.
It has been 3 days.
We will wait until
night. It is already too
late to relocate anyway
Princess -
I will go see Sei







I haven't seen you around here
Who are you ?
Hey...
Wait...
Halt !

Princess Tenka ..
What brings you here ?
If you are here to see Clare, she is currently away
Have you seen a child with black curly hair ?
I saw her in the back. She was running towards here

Well, that's all new to me. I have not seen such a girl
Beatrice do you have any idea ?
No, ma'am
She was probably a daughter of a maid or a noble
Have you asked maids and servants ?
They all said they had no idea
It looks like someone has snuck in.
The queen will not be pleased if she finds out that you were here. You've better return.
I wanted to be a friend ...
When is sister Clare coming back ?
She will be away for a while

Terika saw Lila
Considering her personality, she will keep seeking her out
It will be wiser to send Lila to Isabella for a while
Mother
If you do that you will be breaking your promise with Areah !

Do you live here ?
Yes.
You live in a nice place.
How long have you been living here ?

No
I was just passing by
Not for long
Do you have a business here ?
Actually, I passed by here a long time ago before
Is that so
I remember beautiful people living here back then.

I am sorry to tell you this
But I cannot serve you any meals or provide a place to sleep...so I advise you to leave this mountain before it gets dark.
if that grove is for one who used to live here,
May I present a flower to the grove at least ?
You may
I will leave here soon. Please do not mind me

And it is ... still too

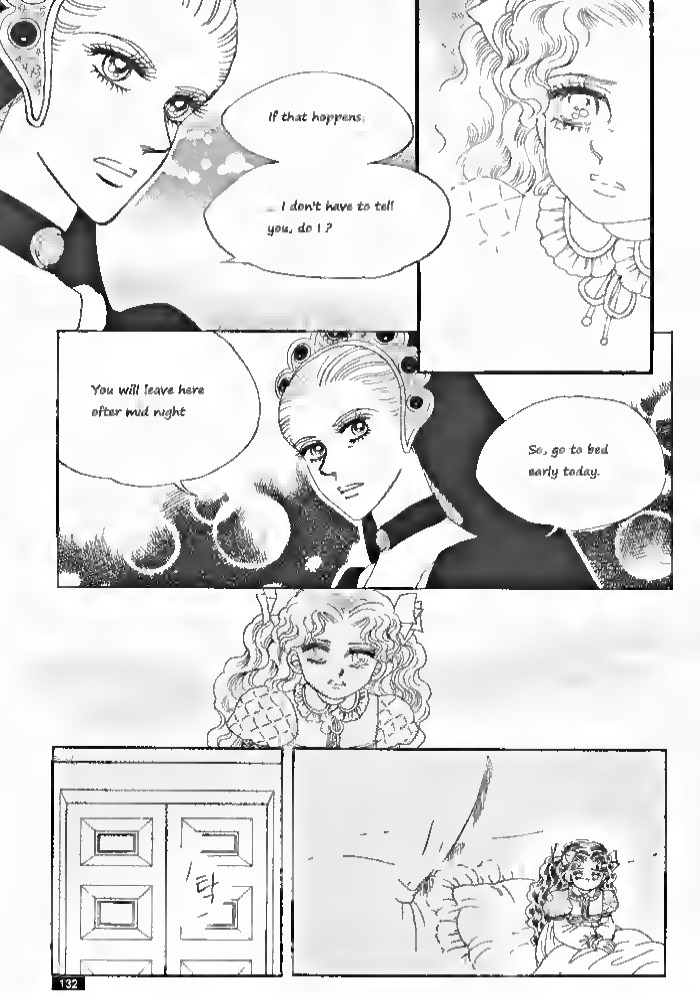
Before I became unconscious, I shallowed emergency drugs which Sei gave to me...

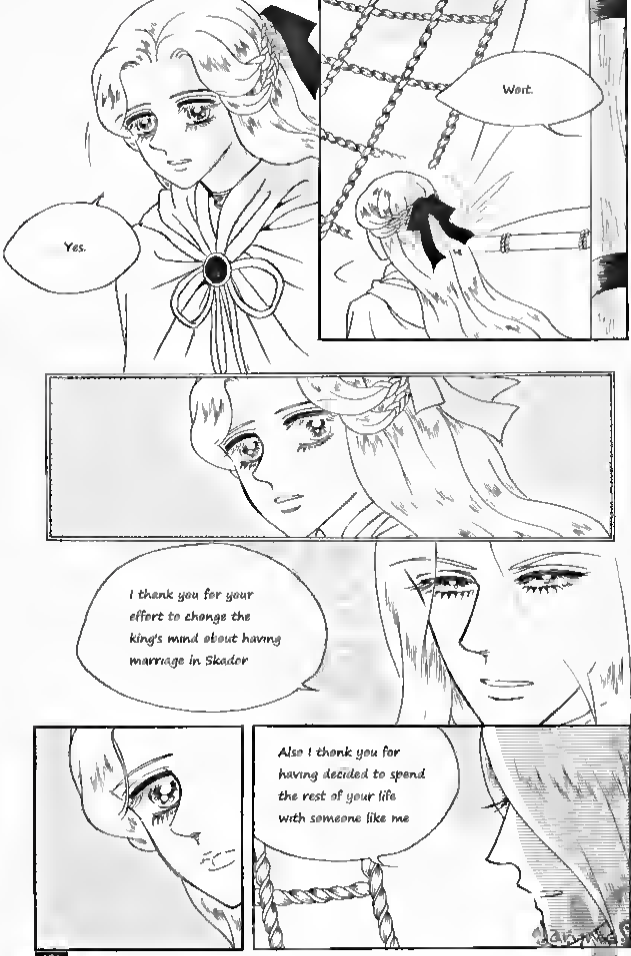
How long has it been...
I must be strong !
I cannot fall now !
I must get out of here alive

Because you are ill. I was going to wait until you come a little better, but I do not have a choice now
Terika has been constantly searching this place. She is dangerously close now You need to escape to castle Tar
Aunt please !
Don't send me away please !
I won't go out at all, so please !
It will be just for a while.
Until Terika gives up and forgets about you
This is for your own sake. If she tells the queen, your identity will be revealed.
The queen will inform the king about you



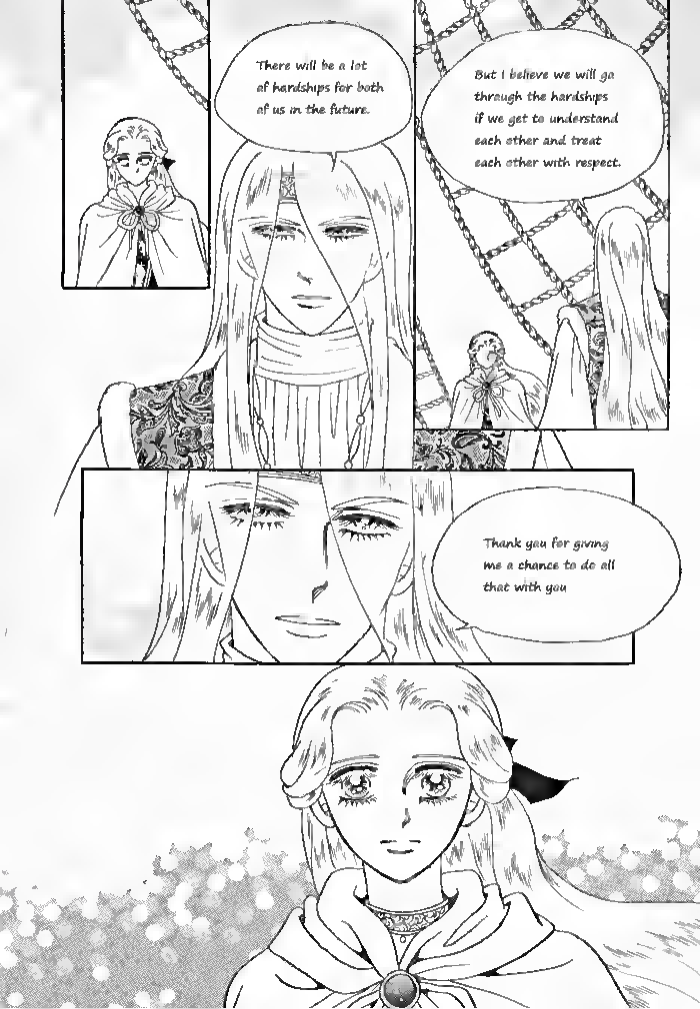
If that happens,
... I don't have to tell you, do I ?
You will leave here after mid night
So, go to bed early today.
탁

Wind is still cold.
You should stay
inside.



Yes.
Wait.
I thank you for your effort to change the king's mind about having marriage in Skador
Also I thank you for having decided to spend the rest of your life with someone like me

JANIMES.COM



There will be a lot of hardships for both of us in the future.
But I believe we will go through the hardships if we get to understand each other and treat each other with respect.
Thank you for giving me a chance to do all that with you

I am not going to work with you ..

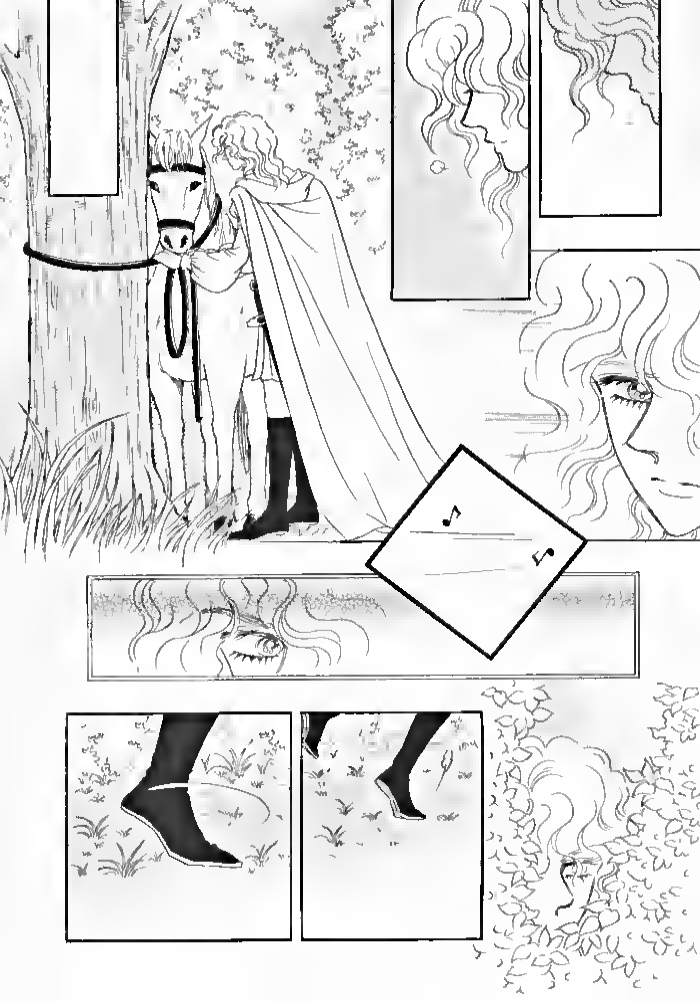
I ..

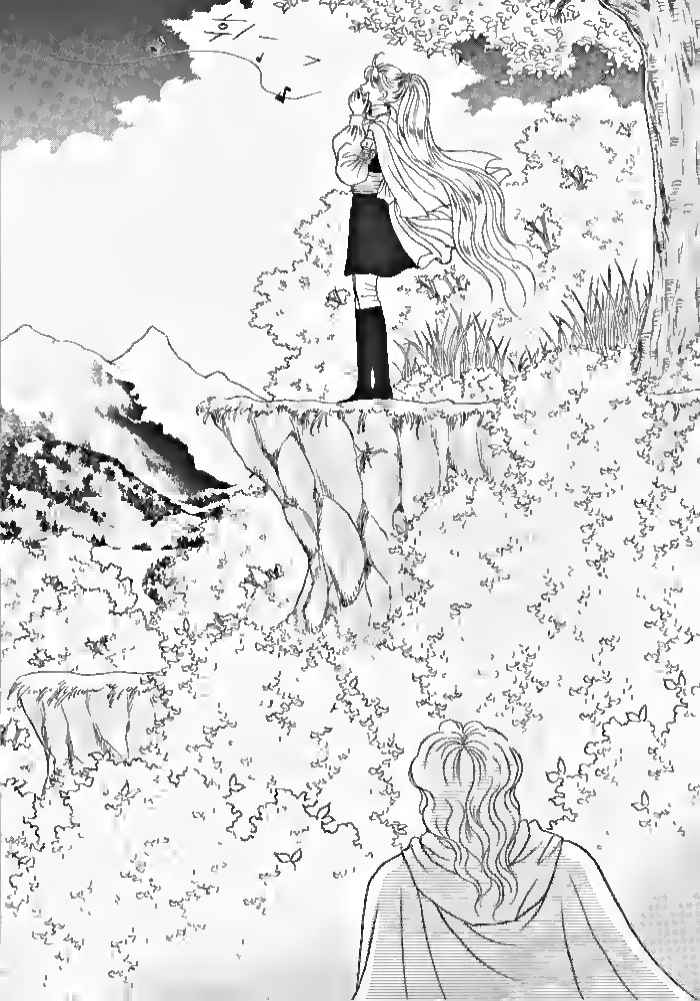
And kill aunt Theodora

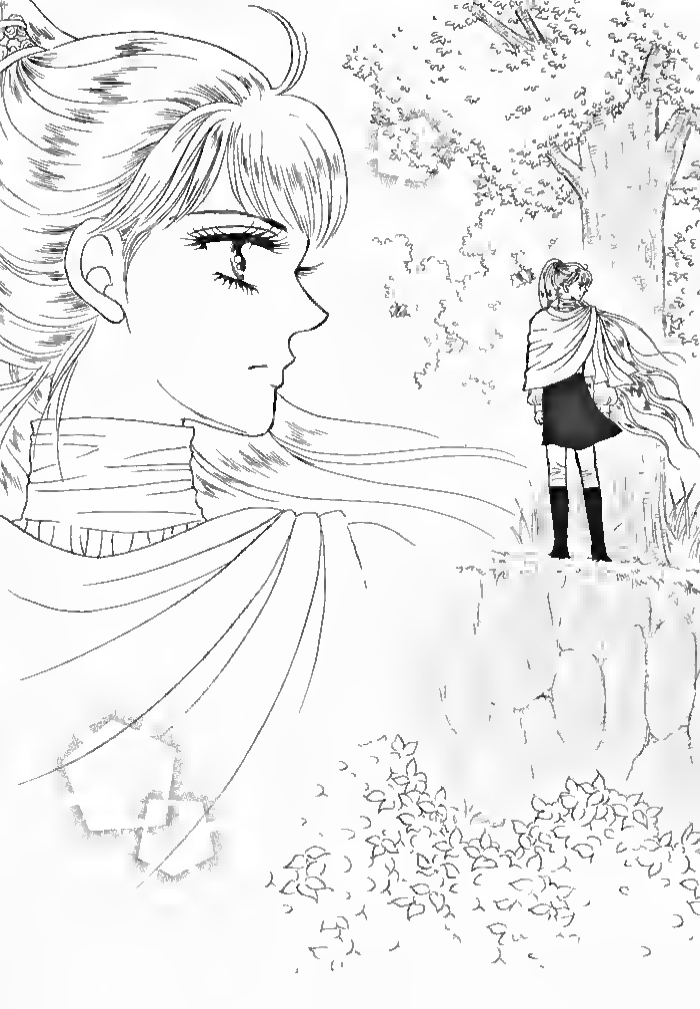
Because of her

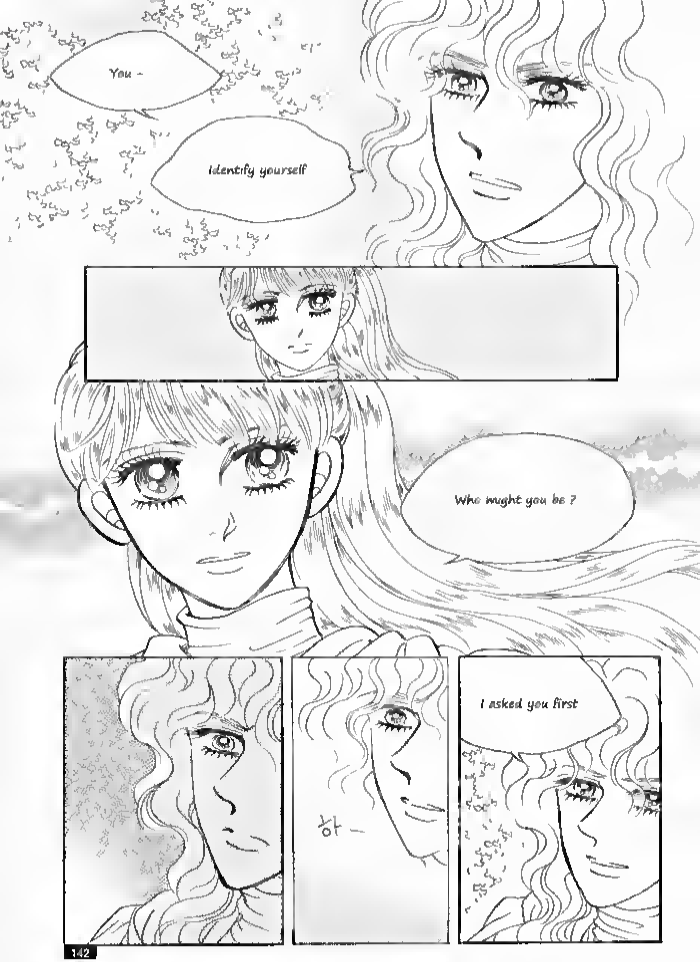
My life in castle Tor was not as cold as it was going to be.

Aunt Theodora is like a mother to me









You -
Identify yourself
Who might you be ?
하 -
I asked you first

The proper etiquette now would be that you identify yourself first and ask me to identify myself
You mention "etiquette" You look obviously younger then me Why are you being rude to me ?
Because you were rude to me first.
Is that so ?
Since you seem to be so fond of "etiquette" let me show you how a man cares about "etiquette" by force.
Do you even realize what kind of position you are in bitch ? No one comes to such a remote place like this.

* In Korean text, Sibel indirectly mentions "rape" on this page. I reduced harshness of Sibel's words on translation.

A man whose only weapons are age and force is as worthless as a bum.

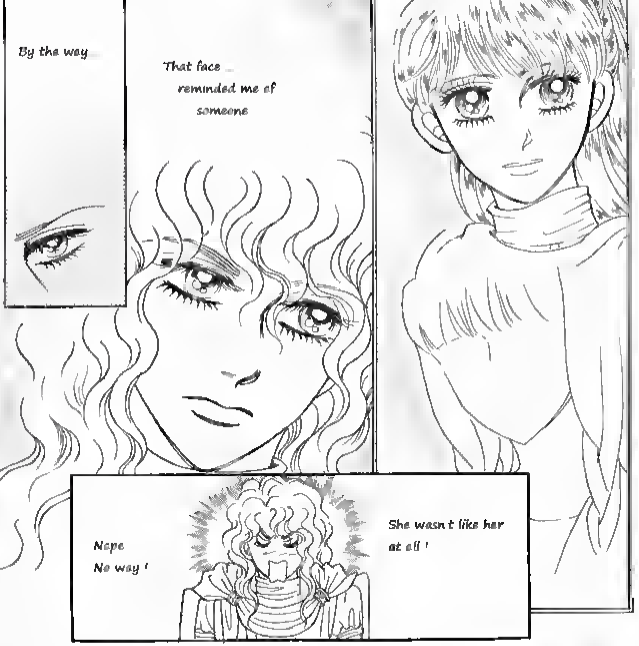
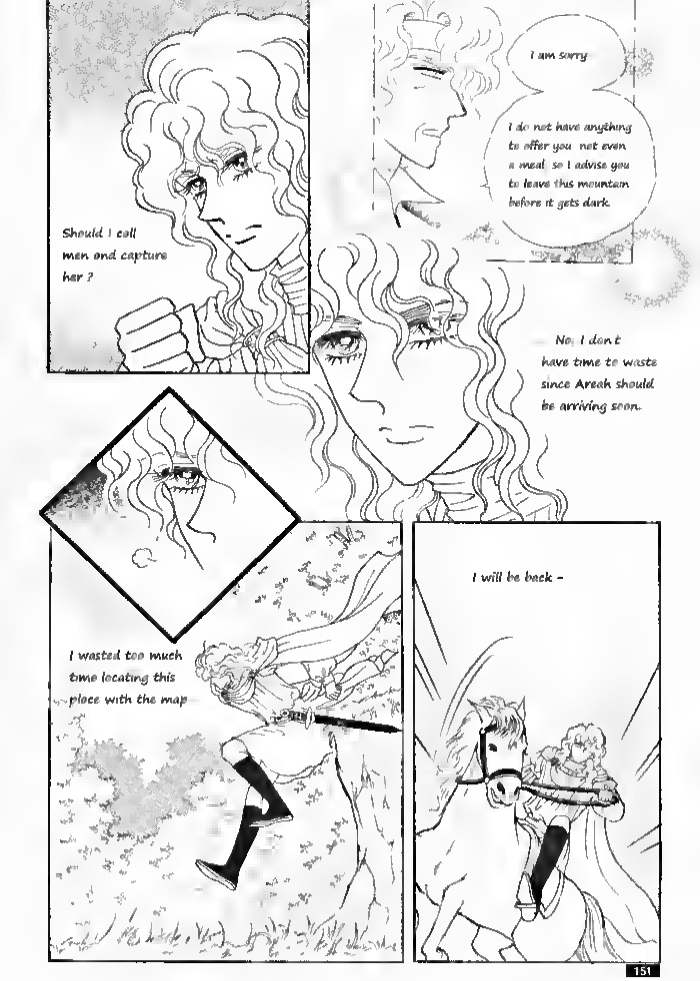
I am a gentleman.
This sound ... seems to be nearby
Where is it originating from ?

.. I can't even remotely figure out where it is originating
JOF
I cannot figure out ...
it sounds the same as the sound that the girl was making. It could easily be mistaken as a bird's song.
Maybe, she was calling birds ?
Maybe..

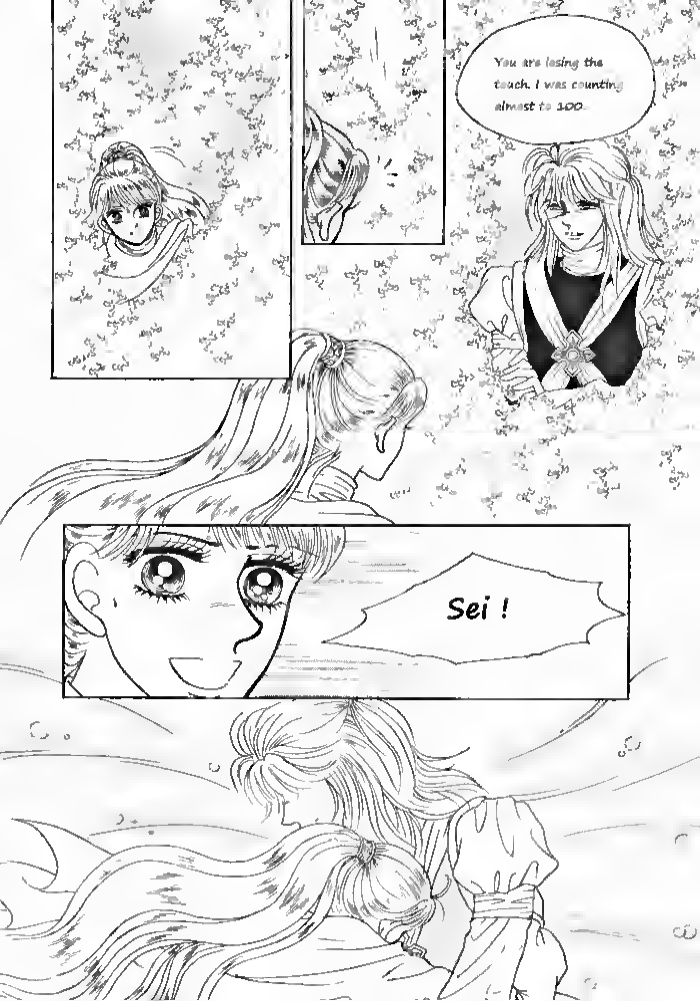


By the way...
That face... reminded me of someone
Nope
No way!
She wasn't like her at all!

Is she living in that house?
There is no other house around here

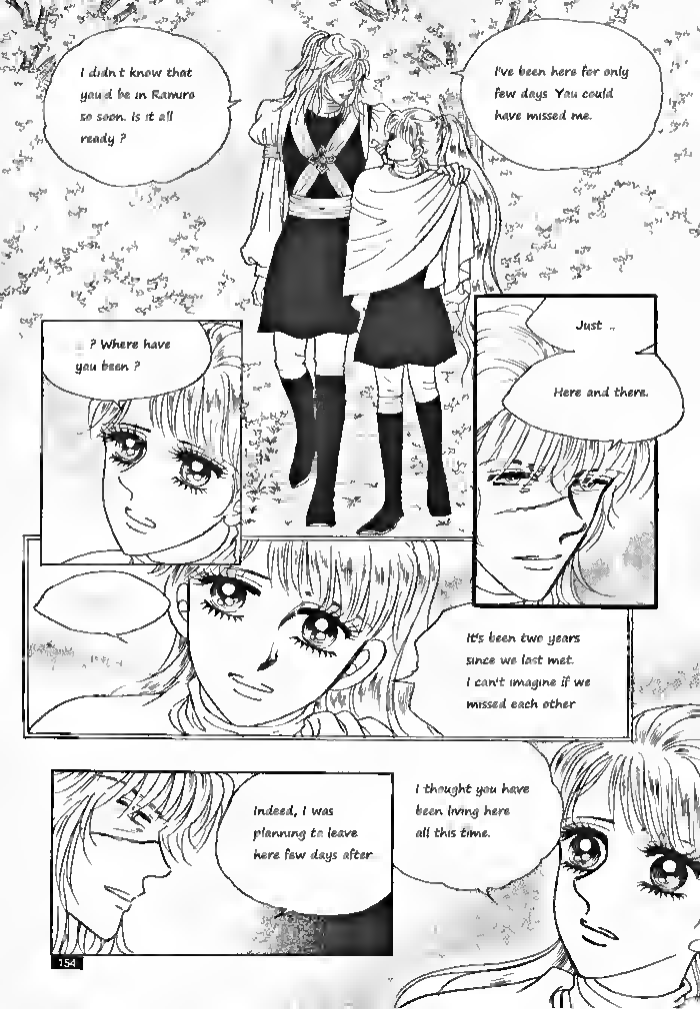


I am sorry
I do not have anything to offer you not even a meal, so I advise you to leave this mountain before it gets dark.
Should I call men and capture her ?
No, I don't have time to waste since Areah should be arriving soon.
I wasted too much time locating this place with the map
I will be back -



You are losing the touch. I was counting almost to 100.
Sei !

When did you come here ?
It hasn't been long Grandfather hurt his ankle on the way, so he is resting at the house. I was looking for you
I saw a camp fire, so I figured you'd be around. I couldn't wait to see you !
I was harvesting herbs in a distance
When I saw smoke from the house I was rushing to come back. It was when I heard your call
Did I do okay ? Did it sound like I did before ?
Of course, even if you were doing it among birds, I would have been able to identify your voice
Me, too. I would identify your voice anywhere no matter what !



I didn't know that you'd be in Ramuro so soon. Is it all ready ?
I've been here for only few days You could have missed me.
? Where have you been ?
Just ..
Here and there.
It's been two years since we last met. I can't imagine if we missed each other
I thought you have been living here all this time.
Indeed, I was planning to leave here few days after

I leave where wind blows ...
If wind blows here, I will be here
Does that wind ever blow to me ?
You never visit me ..
You've grown enough You no longer need my protection.
You are not the young Pry I was fated to protect anymore
Pry's shadow = Hire
By the way where is your shadow ?

Were you looking for me, Princess ?
Yes, I want to ask you a question.
Of course.
I heard that there is usually a storm around this season.
Are these dark clouds an indication of one ?

Yes, indeed, but there is nothing for you to worry about
We are carrying a Prince and a Princess, so we were given the best navigator. Furthermore, we will be taking a safer route which will consume more time.
So please, do not worry
You will be absolutely safe.
General ...
If .. This is just an "if" ...
If— something happens to me during the storm ...
Tell Aunt Theodora that I thought of her as my mother ..
Princess !
I said .. It was "if"—

What ?
Lala is missing ?
I went to her room to help her pack, but she wasn't there.
I waited in her room for a while. I came to see you in case she came to you
She must be hiding because she doesn't like to go back to castle Tor
We can't search her at this hour We will have to search her tomorrow morning

Lala !
Princess !
Did you ?
— No

We searched this palace throughout.
She's been out there for a full day without food
What if something happened to her ?
People don't die from a day of starvation.
How are we going to face Areah if something does happen to her ?
She literally begged us to look after her
I think we should inform the king and do a search on the entire palace
Informing the king will do more harm than good.
She will come out when she gets hungry
Let's wait for a while longer

I am told that she left for Skador. She is to have her marriage in Skador
Areah - !

Areah - !

Storm !
Lower the sails !
Tie up barrels tight !
Princess, it's dangerous here !
Please go inside

I can't walk anymore ...
Come on, you need to walk. You need to exercise.
You need to become healthy again so that you can take responsibility for keeping me alive.
If you leave me now—, I will not forgive you

Now, we are going to walk to backyard. Come on.

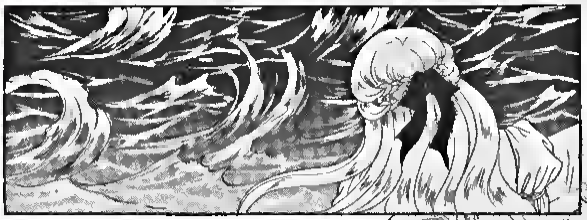
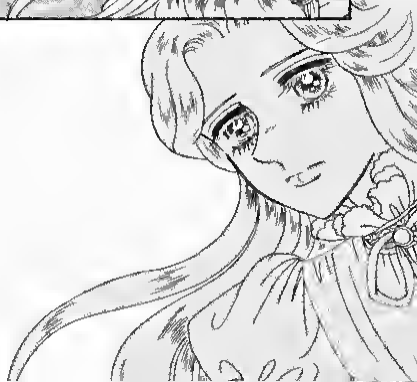
Eirene ! Are you alright ?

Princess — ?
Where are you going ?
The storm seems to be dying out I want to see how it is.
Please don't —
It's been two full days — I can't take this anymore ..
아직도 계속 흔들리는구만 —
Go back to sleep I will be back soon.
I can't even move —
Youth is good





Bye – Lila ...

Bye ...
Brother ...

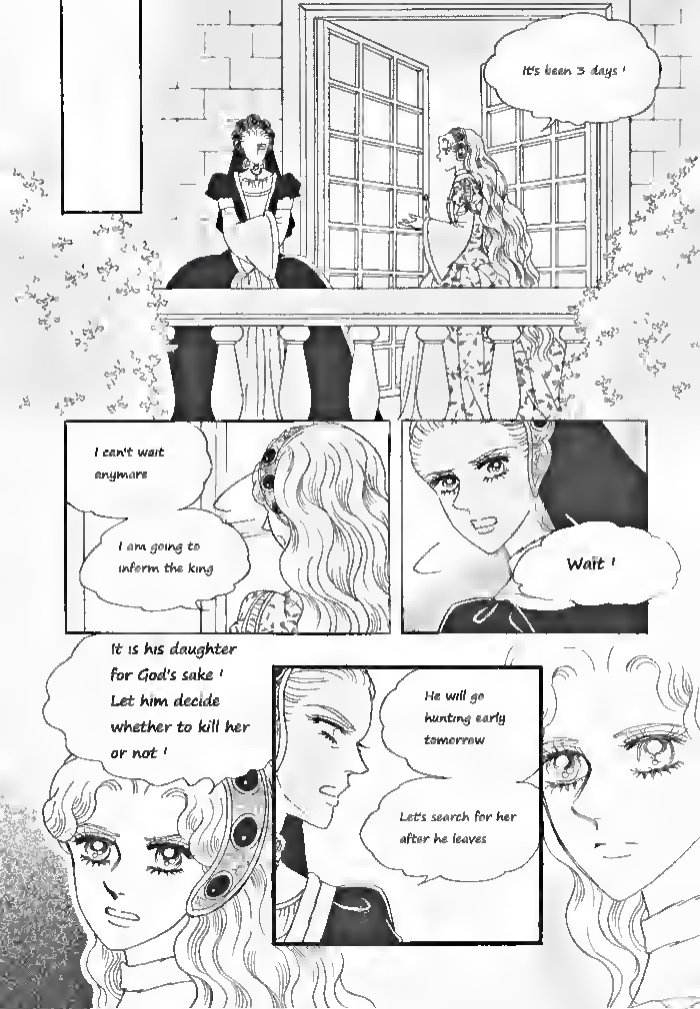
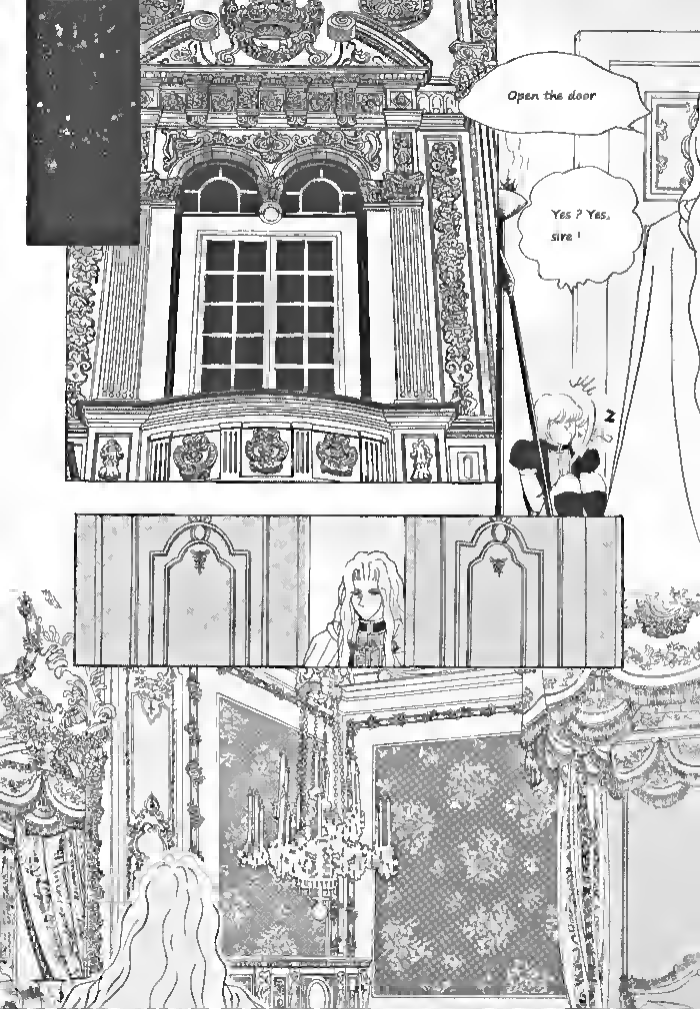
Farewell ...



It's been 3 days !
I can't wait anymore
I am going to inform the king
Wait !
It is his daughter for God's sake ! Let him decide whether to kill her or not !
He will go hunting early tomorrow
Let's search for her after he leaves



Open the door
